PARENT-TEACHER PROGRAM

Barbourville is blessed with a real working Parent-Teacher Association and they have mapped out a program which they hope will net them money enough to participate in the benefits of the Smith-Hughes Bill, their proportion of which will probably be \$150.00.

With this end in view the ladies expect to put on a tag day shortly. It is certain that our citizens will give liberally to the workers. The money is to be devoted to Domestic Science equipment for the High School. Those who wish to know of the matter may get in touch with Mrs. A. W. Hopper.

MRS. BETSY LANE SHEPHERD

Makes Good The Edison Tone Test

Those who were fortunate enough to attend the "tone-test" recital at Union College Chapel Wednesday night were given a real treat not only from the fact that they heard the beautiful voice of Mrs. Betsy Lane Shepherd in some of the more simple songs we all love but because there was a new element introduced into the recital, namely, a tone test of the voice of Mrs. Shepherd with her voice as given forth by the records of the Edison Phonograph Co. for which she sings.

The quality of sound from first one and then the other was startling and it seemed that a "familiar spirit" was taking up the refrain where Mrs. Shepherd left off. The chief point of difference lay in the fact that the voice from the machine was not on a level with the lips of the singer. In the rendition of "In the Gloaming" the house was in darkness and when the lights were again switched on, the artist had disappeared and the voice was the voice of the machine, tho it might well have been that of Mrs. Shepherd herself.

Assisting Mrs. Shepherd was Mr. Adrien Froche, violinist, whose rendition of the various technical numbers was in perfect harmony with the notes that issued from the machine.

Thus two tests were made and the large audience enjoyed not only the thrill of real music, but was also given a demonstration that what is sometimes called "canned music" is really the "familiar spirit" of the artist who has sung or played into the studio sound box.

The applause was a tribute to artists and machine alike and Barbourville is greatly indebted to Mr. Colie Franklin for a unique evening. It was of course an advertising method, but it was a method of advertising lifted into the plane of art and we expect that the sale of Edison machines will receive a stimulus therefrom such as the promoter deserves. The public likes enterprise and especially when it is of such a high class nature.

Colie L. Franklin believes in advertising and he will surely make good. Drop into his store and listen to the machine which gives the best each artist has to give.

MASS MEETING AT COURT HOUSE

Hon. J. M. Robison, at the invitation of the Civic League, will speak to the women voters of the County and other citizens who may wish to attend, on Saturday, September 20th at 1 p. m. People of whatever political complexion are invited to be present.

ELLIOTT

Did Wednesday, Sept. 8th., Kermit, aged two years, four months, son of Mr. and Mrs. W. C. Elliott. Death was caused by flux.

PARTIN

Cora Lindie Partin, little daughter of Mr. and Mrs. W. H. Partin of Swan Lake, died Tuesday, September 14th, of flux. The funeral was held Thursday.

PARTIN

The infant child of Elvin Partin, of King, passed away Tuesday, Sept. 14th, following an attack of flux. The funeral was held Wednesday.

HALE

The death of Mrs. Jane Hale, 65 years of age, widow of the late Tom Hale, occurred Monday afternoon at five o'clock following a stroke of paralysis.

The funeral was held Wednesday at Hale Creek on Stinking Creek. Several children survive. Those living in Barbourville are George Chester Hale, Matt Hale and Mrs. W. C. Smith.

PARTIN

Katherine Partin, aged 11 years and 11 months, daughter of Mr. and Mrs. A. A. Partin, of Tammany Precinct, departed this life Friday, Sept. 10th. Death was due to an attack of flux.

HIGH SCHOOL NOTES

School opened September 6th, and we are glad to extend a hearty welcome to our new Superintendent, Prof. Buck, who has just come into our midst.

We welcome also Mrs. Minton who meets her classes daily with "bon jour" and Prof. Messer, another new member of our faculty.

Mrs. Smith, just back from the University of Oklahoma, has brought new ideas for our benefit. We welcome her heartily.

We are glad to have Miss Mayhew with us again this year.

We extend a welcome to the Grade teachers and each and every one of the new pupils.

The classes are very busy perfecting their organizations and are very enthusiastic over the preparations for the School Fair.

RICHARD P. ERNST

The candidacy of Richard P. Ernst, Republican nominee for United States Senator, should have the support of all men who can recognize a broad gauge character.

Mr. Ernst is a Kentuckian by birth, a graduate of Centre College where he was valedictorian of his class.

He is a business man and believes in the development of sound business principles at home and throughout the nation.

He gives liberally of his time and means to religion and education.

He is in favor of a National Department of education and, if elected, will know what it means to Kentucky.

Mr. Ernst has a peculiar interest in education for the mountain section of Kentucky. He is a firm believer in equal educational advantages for the child from the rural districts with those of the city child.

The citizens of his home town are for him.

His son and his son-in-law were both in active service in France.

He believes in the development of agriculture, recognizing that upon this rests real national prosperity.

He believes that the agricultural, mining and business interests of Kentucky should be assisted all possible for the general well-being of every citizen in the State.

In short, Richard P. Ernst is the kind of man of whom Kentucky will be proud as its representative in the Senate of the United States.

And we thoroughly believe he will go there.

SLAIN FROM AMBUSH

James Gabbard, merchant of Upper Buffalo Creek, and member of a feudist family, was ambushed and instantly killed Saturday near his home in the northern part of Clay County. He was shot from ambush some time ago but recovered.

Pleas Philpit, 48 years old, shot and instantly killed Gib Hampton, 25, on Little Goose Creek, four miles west of Manchester, Sunday.—Harlan Enterprise.

O. B. Reeder has removed from Cumberland, Md., to Northfork, W. Va.

KENTUCKY PILGRIMAGE TO MARION SEPTEMBER 20TH

Kentucky Republicans are getting ready for their big pilgrimage to Marion.

The date has been set—September 20th is the day on which Senator Warren G. Harding, Republican nominee for President, will welcome to his Marion home a host of friends from this State, and address them from his front porch.

The big special train will leave Louisville Sunday night, September 19th, at 10:30 o'clock, and will arrive in Marion Monday morning at 7:30 o'clock. Arrangements are being made so that no change of cars will be necessary, and the berths probably will be ready for occupancy at Louisville at 9:30 o'clock Sunday night.

Full details of train schedules, tickets, etc., will be obtainable at State Headquarters in Louisville.

TRAIN SMASH

Traffic was considerably delayed Tuesday when a train loaded with coal smashed into the rear end of another coal train Tuesday morning about 6 o'clock. The engine of the ramming train was damaged and two or three cars attached to the other train were smashed up badly and their contents scattered over the track. The wrecker came on the scene and cleared up the debris as quickly as possible.

PINEVILLE AND CORBIN CENSUS

Corbin increased in population \$17, or 31.6 per cent. The census announcement Saturday shows the 1920 population is 3,406. In 1910 it was 2,589, an increase of 1,945 or 67.7 per cent over the 1900 population.

Middlesboro and Pineville, in Bell County, both showed increases. Middlesboro's population is 8,041, an increase of 736 over the 1910 population and an increase of 3,879 over the 1900 population. Pineville's population is 2,908, an increase of 747 1910 and an increase of 836 over 1900.—Harlan Enterprise.

LOGAN SANITARIUM NOTES

Mrs. A. J. McCoy, of Belle Jellieco, and Mrs. Will Detherage, who underwent operations for appendicitis, are both doing nicely.

Mrs. Ewell Jordan, of Fount, who recently suffered the loss of an arm which was followed by childbirth, has returned to her home.

Great opportunities come to those who make use of small ones.

Hon. Richard P. Ernst, Republican Nominee for the U. S. Senate will address the citizens of Knox County at Barbourville, Tuesday, Sept. 21st, at 1.30 p. m. Come out and welcome our Senator to be.

THERE'S A REASON

For the law that requires banks throughout the United States to print at stated intervals a full and complete and accurate statement of the Bank's resources and liabilities. The reason is not that the officials of the State or the Nation shall be thus given an insight into the financial conditions of the bank, for the Government Bank Officials have made their investigations before the statement was prepared. They have gone into the bank's affairs with the most minute care, examined all the notes and securities due the bank and have carefully scrutinized the bank's assets, and have been convinced that the affairs of the bank are in first class condition, else the statement would not be permitted to be prepared.

THE BANK'S STATEMENT

Is given to the public so that the public may see for itself just the condition of the institution. The amount of deposits, the amount of money borrowed by the bank on time loans, the amount deposited by savings depositors, all are shown. Also all the bank's resources are shown, so that any man may read the statement and know just the condition of the bank.

OUR STATEMENT APPEARS IN THIS ISSUE
Read it and then come in and let us talk investment with you. We recommend U. S. Treasury Savings Certificates and Liberty Bonds. They are the safest investments we know of and pay fair interest.

COSTELLO DRUG CO. BOUGHT BY B. E. PARKER & SONS

Last Saturday the Costello Drug Store was sold to B. E. Parker & Sons and they immediately took charge. We are assured the business will be run in the same high class manner which has distinguished it in the past. Mr. T. E. Wilson, who has been Mrs. Costello's right hand man for a number of years, will stay with the new firm and not only give them the benefit of his practical knowledge of the business but will have charge of the prescription end of the business.

Clarence Parker, who served the public so successfully at the Stanfill Store, and Herman Parker, formerly with the Cut-Rate-Drug Store, will run the store which will be known as the Grant Drug Store, so named in honor of their mother.

We wish the new firm every prosperity and success.

THE MICROBE OF LOVE

Friday, September 10th, one of the most pleasing plays ever staged in Barbourville was presented in the High School auditorium under the auspices of the Civic League. Those who missed it missed a treat. Miss Birdie Hopson was in charge of the presentation and under her able direction only five days were taken to prepare the production.

The play proved that Barbourville is blessed with much histrionic talent and while space forbids an extended write-up, it is safe to say that all did splendidly. The leading characters were Mrs. George F. Tinsley, who made a splendid president of the Spinners' Club, and Mrs. Read P. Black was a radiant Madame Hymen-Cupid for which her dainty personality was eminently fitted. Mr. Guy L. Dickinson developed a sense of song and steps which has lifted him into the ranks of song and terpsichorean trysts startling his closest friends, while Mrs. Dickinson as the wife of the unfortunate Mr. Henpeck—G. M. Richards—showed a calm mastery over one of the most dejected individuals we have ever seen in Barbourville. These two were the comic element in the play and they were all that and then some.

The ladies of the Spinners' Club were all fine—some were not even recognized by their friends—and the chorus, sung by a bevy of sweet girls of the younger set, gave a real musical treat.

Dan Cupid, as represented by Master Tom Kennedy, was as composed a little god as ever appeared in negligence.

Miss Daisy Robison added to the occasion with several vocal selections which were very sweetly rendered.

Mrs. W. S. Hudson presided most efficiently at the piano.

The Civic League wishes heartily to thank those who so cheerfully gave of their time and service to make the play the success it really was.

GOODIN

The death of James Goodin occurred at his home on Fighting Creek, about two and one half miles from the city, Thursday, September 9th.

Deceased was born December 6th, 1835 and was married more than sixty years ago to Miss Ann Higgins who survives him.

Uncle Jim, as he was known to all was one of Knox County's oldest and most respected citizens. He was upright and square in his dealings and played his part in the development of this section.

Funeral services were held Friday September 10th, Rev. S. F. Kelley, of Barbourville, officiating. Interment was in the City Cemetery in the presence of many friends.

TUESDAY CLUB

A very pleasant called meeting of the Tuesday Club was held at the home of Mrs. M. G. Richards with the new president, Mrs. Guy Dickinson, presiding. Matters of business were attended to and plans for the year's work were further perfected. The Club will continue to study "Present Day History" from which much pleasure and profit have been derived during the past two years.

THE HARDING CREED

"No man is big enough to run
this Republic. There never has been
one. I believe in party government
as distinguished from personal govern-
ment, individual, dictatorial, or
what not."

THE COOLIDGE CREED

"The foreign relations of our coun-
try ought not to be partisan but
American. Our party stands pledged
to make an immediate peace as soon
as it is given power by the people."

OUR RED CROSS NURSE

We realize the importance of
health and sickness as factors in the
wellfare of our nation as never be-
fore.

Every year three out of each one
hundred people in the United States
are victims of serious sickness.

One out of every ten dies of tuber-
culosis in the prime of life.

One out of every eight babies dies
under one year of age with conta-
gious disease besides countless num-
bers who suffer permanent injury.

Fourteen out of every one hun-
dred babies die under one year of
age because of the ignorance of
mothers.

Half of these deaths could have
been prevented if the knowledge and
resources we now possess were uti-
lized. It is estimated that if illness
in the United States could be re-
duced one third nearly five hundred
thousand people could be saved each
year.

Sickness is a radiating center of
anxiety and often death in the prime
of life closes the gates of happiness
on more than one life, death because
of ignorance of laws governing sick-
ness and health.

Progress is teaching us the real
and lasting measures taken to re-
duce death rate, sickness, misery
and ignorance.

Every woman is largely responsi-
ble for maintaining her health and
that of those immediately around
her. For such responsibility most
women are poorly prepared. Good
will and sympathy are no longer
enough. Untrained nursing even
when performed with the best in-
tentions, may involve grave dangers.

Instruction in home hygiene and
care of the sick is being given by
Miss Effie Jump, of the Red Cross
teaching service, from week to week
the time and place to be announced
thru the columns of the Advocate.
Miss Jump already has several fine
classes in the smaller towns and it
is to be hoped that the ladies of the
churches and various organizations
will rally to her support thruout
Knox County and thus help in this
instruction work which will help to
save the lives of citizens and also
lessen their suffering while sick.

Miss Jump is an energetic young
lady whose ambition it is to be of
real use to the community. It may
be said of our women, that like Dor-
cas, they are given to good works
and we feel sure they will accord
our Red Cross Nurse every assist-
ance in their power.

BEAUTIFUL RECEPTION

Mrs. Henry C. Black was the
charming hostess on yesterday after-
noon at her home in the Southwest
Addition complimenting her two at-
tractive house guests, Miss Roberta
Sandusky, of Lexington, and Miss
Gertrude Black, of Barbourville, Ky.
As the guests arrived they were serv-
ed punch upon the veranda from a
bowl nestled in a bower of greenery.
Misses Anita Haun and Mae Lillian
Fish and Mrs. Mary Whitehouse pre-
sided at the punch bowl. Mrs. J. E.
Crouch and Mrs. C. E. Rogers greet-
ed the guests in the vestibule and led
them into the living room which was
artistically decorated with dahlias of
rainbow colors. Here they were in-
troduced to the honorees who were
presented by Mrs. Black. In the open-
ings leading into the parlor and din-
ing room there were suspended bas-
kets of lovely dahlias, the handles
being tied with huge tulle bows. The
guests were entertained in these
rooms by Mrs. E. A. Long, Mrs. Star-
ritt, Mrs. Devine. The dining room
was especially pretty, the flowers car-
rying out the color scheme of yellow
green and white. The dining table
had as its center decoration a dainty
lace cloth with an immense basket
holding Japanese sunflowers tied
with yellow tulle. Surrounding this
was a circle of greenery. Serving
delicious ices, cakes, mints and nuts
to the guests were Mrs. Joe Horton,
Mrs. L. W. Oaks and Mrs. Lena Hen-
derson.

A most delightful feature of the
afternoon was the musical program
furnished from among the city's tal-
ented artists. The music room was
decorated with Japanese sunflowers
and dahlias. Those taking part on
the program were Miss Dorothy
Black, violinist, Misses Margaret and
Mary Luter Wright, Mrs. Robert
Stapleton, Mrs. Vines, Mrs. Kennedy
and Mrs. Powder. —Jefferson City
Staff.

WATCH THE CURB

Here is a little story—a true one
about a professor in science at Yale
and his first automobile, a handsome
sedan equipped with everything
fancy, including a set of cord tires.
The professor had a lot of fun
learning to drive, and got by without
a penny expense until, after 700
miles travel he found that the front
tire on the right side of the car was
going to pieces. He took the worn
tire off and replaced it with a new
shoe, only to find that it broke down
in the same way in less than a thou-
sand miles. Then he talked it over
with the tire dealer, who promptly
asked him whether in driving up to
a curb he was in the habit of letting
the tire graze along the curb. Re-
ceiving an affirmative answer the
tire man explained that such treat-
ment would ruin any tire.

"Every time a driver allows his
tire to scrape along a curb, he
scrapes several dollars in wear off
the tire" says the United States Tire
Company. "The grinding causes the
rubber covering to break away from
the carcass and at times does harm
to the carcass itself."

DANGER IN DELAY

Kidney Diseases are too dangerous
for Barbourville People to
Neglect

The great danger of kidney trou-
bles is that they so often get a firm
hold before the sufferer recognizes
them. Health will be gradually un-
dermined. Backache, headache, nerv-
ousness, lameness, soreness, lumbago,
urinary troubles, dropsy, gravel
and Bright's disease often follow in
merciless succession. Don't neglect
your kidneys. Help the kidneys with
Doan's Kidney Pills, which are so
strongly recommended right here in
this locality.

Mrs. H. F. Davis, Maple St., Wil-
liamsburg, Ky., says: "My kidneys
were in bad order and I had a dull
aching and soreness across my back.
Black specks seemed to float before
my eyes and I had dizzy headaches.
My ankles and wrists were swollen,
sore and stiff. I used Doan's Kid-
ney Pills as directed and they helped
me in every way. The backaches
left and I was free from headaches
and dizziness and other symptoms
of kidney troubles."

Price 60c at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mrs. Davis had. Foster-Milburn

HARDING'S NEWSPAPER CREED

(Instructions given years ago to every reporter and writer on the Marion, Ohio, Star.)

Remember there are two sides to every question. Get them both. Be truthful. Get the facts. Mistakes are inevitable, but strive for accuracy. I would rather have one story exactly right than a hundred half wrong. Be decent, be fair, be generous. Boost—don't knock. There's good in everybody. Bring out the good in everybody and never needlessly hurt the feelings of anybody. In reporting a political gathering give the facts, tell the story as it is, not as you would like to have it. Treat all parties alike. If there's any politics to be played we will play it in our editorial columns. Treat all religious matter reverently. If it can possibly be avoided never bring ignominy to an innocent man or child in telling of the misdeeds or misfortunes of a relative. Don't wait to be asked, but do it without asking, and, above all, be clean and never let a dirty word or suggestive story get into type. I want this paper so conducted that it can go into any home without destroying the innocence of any child.

GETTING ACQUAINTED

COX FOISTS FALSE SPECTER TO FORE IN CAMPAIGN TALK

No One Will Be Deceived by Democratic Attempt to Use Great President's Name.

THE PEOPLE KNEW ROOSEVELT

Death of Foremost American Has Not Dimmed His Deeds in the Minds of Patriots.

By William Hoister

May one who was more or less intimately associated with Theodore Roosevelt in the last fifteen years of his life say a word in regard to the developing tendencies of the pending presidential campaign? Governor James M. Cox, the Democratic candidate, with increasing frequency is using the name of Colonel Roosevelt in his speeches, as of one from whom the Governor has derived his inspiration for this momentous campaign, and whose support of Mr. Cox's so-called policies would be forthcoming were Roosevelt alive. At least, Governor Cox is at pains to make it appear that it is into his hands that the torch borne by Colonel Roosevelt was entrusted when the latter passed on.

Addressing the Ohio Democratic State Convention at Columbus on August 17th, among other things Governor Cox said:

"Need I remind you that it was in this State that Theodore Roosevelt, that great American, made his speech proclaiming his creed, not that the judges alone should be recalled, but that the judicial procedure itself should be subject to recall."

Acknowledged Error.

First and foremost, no man who knew Theodore Roosevelt well, and was proud to follow his leadership, needs to be told that he lived to realize the error of that specific doctrine which Governor Cox now drags from the political limbo of dead things.

But aside from this, the one outstanding note in Roosevelt's great career was his uncompromising, tried and true Americanism. He was an American above and beyond everything else. His Americanism arose above all party considerations. He was jealous of his country's honor, proud of its traditions, zealous in the maintenance of its integrity and independence. He labored incessantly to promote that national unity which he believed to be one of the safeguards of the Republic; and his faith in Washington's Farewell Address and in the Monroe Doctrine was such that he regarded strict adherence to the injunctions of both as the two great bulwarks of our national existence. If it were necessary to prove these assertions, columns could be quoted from his writings and speeches in support thereof. But one has only to mention the name of Theodore Roosevelt to bring before the mind a picture of a United States strong, self-reliant and independent.

Roosevelt's Position Clear.

One does not have to ponder long to reach a conclusion, therefore, where Roosevelt would stand if happily he were among us today. The man who in 1916 avowed that the supreme national need was the overthrow of Wilsonism and all that Wilsonism represents would have a mighty well-defined position in the fighting today if he were with us, and he would not be ranged on the side of Governor Cox.

The man who, though age was creeping upon him, demanded as his right that he be sent across to face with the two hundred thousand men that clamored to accompany him, the German menace; and who grimly laid down the plea that by his end on the field of battle the drooping morale of the entente forces might be revived, though the death of a former President of the United States would have had little in common with a candidate whose newspapers proclaimed sixteen months after the sinking of the Lusitania, that "The German U-boats have committed no crime against us."

Remember in what stirring words Roosevelt denounced the Lusitania sinking, and how, throughout all that drab period of American neutrality, his powerful voice rang through the land awakening the patriotism of our people to the culmination in April, 1917, when even Mr. Wilson finally was compelled to face the inevitable.

There is no law against Governor Cox's use of Colonel Roosevelt's name. Nor is there any law on the statute books providing for the crimes which are committed in the name of progressiveness for which Colonel Roosevelt stood. There are Napoleons of finance, of wheat, of oil and of industry, but there was only one Napoleon. There are Jimmies and Eddies and Harries, but there was only one Teddy.

In the campaign upon which we have entered, the name of Roosevelt will be invoked many times in many places in behalf of many things. But few in all the great army of those who followed Roosevelt will be deceived. They know above all other things that the safety and integrity of the United States lay closest to Theodore Roosevelt's heart, and with them his doctrine of stalwart Americanism will prevail against any preaching of progressivism which seeks to lure them from the path of patriotic duty.

JUNIOR RED CROSS WORKING AT HOME

Production of Sound American
Citizenship the First Aim.
Says Dr. Farrand.

On the basis of every member of the Junior Red Cross and the words "I Serve," that tells the story of the school citizenship branch of the American Red Cross, is a desire to bring happiness to children throughout the world.

Realizing that the time never was so propitious as right now for reaching the highest ideal of citizenship, the entire present program of the Junior Red Cross has been planned under the very inclusive phrase, "Training for Citizenship Through Service" for others. Since the Junior Red Cross is the agency through which the American Red Cross reaches the schoolboys and the schoolgirls, all its activities are designed to come within the regular school program, and without creating new courses or increasing the number of studies to tend to add in violating the work of the schools.

"The thing that is needed," says Dr. Livingston Farrand, Chairman of the American Red Cross Central Committee, "is not a perpetuation of the Junior Red Cross, but the training and breeding of sound American citizenship inspired by the true, fundamental ideals of sound democracy. One of the great conceptions in making the Red Cross a contributor to better citizenship in our American democracy is the realization that after all the sole hope of any nation is with the children of the country."

The plan of organization of the Junior Red Cross makes the school—public, parochial and private—the unit, not the individual pupils. Mutual service, helpful community work such as clean-up campaigns, care of the sick, promotion of health regulations, participation in civic and patriotic movements—all these creative agencies designed to translate into life and action the regular school program are parts of the machinery which the Junior Red Cross places at the disposal of the school authorities.

Graded study courses giving practical methods of civic training, supplemented by pamphlets and helpful suggestions, are supplied to the local schools by the Junior Red Cross. An elaborate plan for promoting an interchange of correspondence between children in different sections of the United States as well as with children in foreign lands is being devised and will take a prominent place in the established classroom program.

In promoting the general cause of child welfare, Red Cross courses in home hygiene and care of the sick, first aid, and dieting may be established in all Junior Red Cross auxiliaries.

The ideals and the objective of the Junior Red Cross are embodied in the pledge of service which the pupil takes when he signs the membership roll and pins on his coat the Junior's badge. The pledge which binds together service and citizenship reads:

"We will seek in all ways to live up to the ideals of the Junior Red Cross and devote ourselves to its service."

"We will strive never to bring discredit to this, our country, by any unworthy act."

"We will reverence and obey our country's laws and do our best to inspire a like reverence and obedience in those about us."

"We will endeavor in all these ways, as good citizens, to transmit America greater, better and more beautiful than she was transmitted to us."

At the foundation of this school program of the Junior Red Cross is a great love for America's children.

RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a community—fire, flood, earthquake, explosion, bad wreck or tornado—the American Red Cross can be depended upon to follow right at its heels with help for the stricken people. Red Cross relief is almost immediately forthcoming—food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar trouble elsewhere.

During the last year, ending June 30, there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Texas, and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.

In these events of horror 850 persons were killed, 1,500 were injured, 13,000 were made homeless, about 30,000 families needed help, the property loss was nearly \$100,000,000 and at most \$1,000,000 in relief funds, not including emergency supplies was expended.

To the sufferers from all disasters during the year, the American Red Cross sent \$120,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food centers and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.

If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be right on hand to help them in every way.

HIGH VALUE OF ALFALFA PLANT

Thorough Preparation of the
Seed Bed Is Essential for
Profitable Stand.

USE ALL MANURE AVAILABLE

Plant Food Realized From Fertilizer
Will Tone Up Soil and Nourish
Young Seedlings—Apply
Lime for Acidity.

(Prepared by the United States Department of Agriculture.)

Cardinal points in alfalfa culture include thorough soil preparation, neutralization of the soil by lime where self exists, use of high quality alfalfa seed of suitable varieties, proper inoculation of the soil where inoculation is necessary; all of which presupposes the seeding of the alfalfa early enough in the fall to make the growth adequate to resist winter killing, and the development of a successful stand which will cope with the difficulties of unfavorable seasons.

Applicable in Many Sections.
This article relates particularly to Maryland, Virginia and localities of similar latitude, although what applies to the territory named is also applicable in more or less degree to many other sections of the country.

Because of its high forage value it pays to devote much care, labor and scrutinizing attention to the production of a profitable stand of alfalfa. It is essential that a well-textured, tilthy, and thoroughly settled and compact bed be ready for the seed which should be sown not later than the middle of September and preferably during the latter part of August or the first week in September.

Manure Good for Alfalfa.
The misconception is wide that none but thoroughly rotted and weed-free stable manure should be applied to the field which is to be broken and seeded

Alfalfa is the King of Forage Crops.

to alfalfa. The fertilizing value of barnyard manure is so great and its liberal application is so beneficial to the alfalfa crop that specialists of the United States department of agriculture advise farmers to use all the manure they have available. The plant food realized from the fertilizer will tone up the soil and nourish the young seedlings so that they will get the jump on the weed crop, and once given this advantage the alfalfa plants will smother out the majority of the enemies which may develop. Save all the manure to which you have access and distribute it in liberal quantities over the field to be plowed for alfalfa, preferably before the breaking is attempted.

It is largely a matter of individual preference how many times the field is harrowed, dragged and rolled before being seeded. It is essential that the subsurface of the soil be compact, and then be thoroughly firmed before seeding. The seed should be sown preferably in a special alfalfa drill, as it is necessary not to bury the seed too deep, a mispractice which often results where an ordinary grain drill with a grass seeding attachment is used. Where the alfalfa seeder is not available, a wheelbarrow or hand seeder may be utilized. The rate of seeding will vary in different localities. As a rule, from 15 to 20 pounds of good quality seed to the acre are deemed sufficient, although in some localities as high as 25 pounds of seed are sown. A weeder is an excellent implement for covering the seed after broadcasting, but if it is not available a spiked-tooth harrow may be used.

Soils Must Be Well Drained.

All soils designed for alfalfa culture must, of necessity, be free from surplus soil moisture, that is to say, well drained, while they also must be slightly alkaline. The simple litmus paper test which can be made by any farmer will indicate whether or not the soil is acid. If acidity exists, it is essential to apply lime in whatever form is most practical and readily available. Burnt lime, hydrated lime, finely ground limestone, ground or burnt oyster or clam shells and high-grade marls are all valuable for correction of acid conditions. Very much larger applications of ground limestone and marl are necessary than of burnt or hydrated lime. As good results are obtained from all the forms of lime, price and availability will usually determine which form to use. If the farmer is not familiar with the

METHODIST LADIES AID

Mrs. Edward Falkner was the pleasant hostess for the Ladies Aid Society of the M. E. Church Tuesday afternoon, September 7th. Twelve members answered roll call with quotations on "Sacrifice." The Secretary and Treasurer made their reports as did also several committees as it is nearing the close of the Conference Year.

Plans were made to sell ice cream on the days of the School Fair.

The society was delighted to welcome Mesdames James and Thomas Kaufmann as members.

This being the meeting for the literary program two very excellent papers were read. One was by Mrs. Decker, "Sacrifice," and the other by Mrs. Owens, "As the Anchor is to the Ship." Both showed careful preparation for they were filled with many beautiful thoughts and all present felt they had been much benefited. The members who fail to hear the papers are losing much.

The next meeting will be held with Mrs. J. D. Tuggle September 17.

Miss Nancye Faulkner assisted the hostess in serving dainty iced refreshments.

Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that infects the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface. One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old

Miss Cora Geyer is doing stenographic work for Messrs. R. N. Jarvis and H. H. Owens. Miss Cora is a fine stenographer and the business men of Barbourville may safely depend on her "pot-hooks" being correct.

Collier Franklin, of Franklin & Cannon, says his firm is doing a fine business. He was warned against handling leatherette coats as non-salable but has had to order more. Good stock, square dealing and advertising pay.

If you have any clothes to patch, stockings to darn or knit, or if you need some "coaching" in your French lessons, I will be glad if you will call on me. Mrs. Mary B. Seilaz at Mrs. T. J. Belcher's. 45-2t

Crutcher & Starks, of Louisville, believe the Mountain Advocate is the most influential medium for advertising their business in Knox County. This big clothing firm has built up its reputation on good stock, the square deal and extensive advertising.

Mr. and Mrs. C. G. Bull, of Myrick received a present of a small son on Sunday, September 5th. Dr. Burton insists his name is Franklin Woodrow, the latter cognomen being given in honor of a great American explorer who discovered Paris in the country known as France.

Mr. and Mrs. J. T. Gibson left Tuesday, the one for Cincinnati and the other for Richmond. Mrs. Gibson will join Mr. and Mrs. Spahr at Richmond and they will motor to Cincinnati, pick up Mr. Gibson and proceed to Roundhead, Ohio, where Dr. J. P. Gibson has bought a fine practice.

Dean G. M. Ryder, of Union College, states that at Poor Fork a nice community M. E. Church is being erected, including a baptistry. The church will be open to members of all denominations for worship. The minister in charge is Rev. C. M. Lever.

C. F. Heidrick, Jr., will enter the second year Academy class at Union College this year. Charles is a good student and will be a credit to his class.

Dr. J. G. Tye has installed a new Arco hot water heating system in his residence and Sam Cawn has also put in the same system. J. M. Hinkle, the competent plumber, did the work.

While Candidate Cox is charging the Republican party with a 500 per cent in excess in election funds, he should be made to state where he gets his supply of hot air on the subject.

Steve E. Golden planted some sudan grass this year. The first crop was very satisfactory and the second crop has been held back for lack of sunshine. It is now doing nicely and he hopes to get some seed from it.

The Ladies Aid of the Christian Church wishes to thank those who were of assistance to them when holding their refreshment booth at the County Fair, especially Messrs. R. B. Minton, Clarence Banks, Sam Davidson and A. Y. Anderson. They did fairly well financially.

Miss Xenia Gilbert fills her head with knowledge while at Union College, but just now she is demonstrating what a good looking store looks like at Franklin & Cannon's. She has been as busy as a bee putting the big stock into shape.

Don't overlook the fact that Hon. Richard P. Ernst, Republican nominee for Senator, will speak at the Court House Tuesday, September 21 at 1:30 o'clock. Mr. Ernst is going to be our Senator at Washington and we want to make him feel that we all take a warm interest in him and his candidacy.

The next meeting of the Civic League will be on the last day of September, Thursday the 30th. The place will be announced in next week's Advocate. Beginning with that date the meetings will be held regularly every two weeks. It is to be hoped that the members will take an active interest as there are many things which need attention.

The attention of the women of the city is called to the date of the address of Judge J. M. Robison to be given Saturday afternoon at one o'clock in the Court House. This address is in response to an invitation from the Civic League that Mr. Robison present the principles of the Republican party to the new voters.—the women.

Mr. and Mrs. Chas. R. Mitchell, son Paul and Mrs. A. J. Mitchell spent a few days in Detroit, Mich., motoring from Detroit to Barbourville. Mr. and Mrs. Chas. R. Mitchell continued their motor trip on to Ashville, N. C. where they will spend a few weeks. Charley's eye has so much improved that he expects to resume work on his return.

Union College will open on Tuesday, September 22nd. It will be a pleasure to see the smiling faces of the young people on our streets. If you know of anyone who wishes to take a college course tell him that Union College can give it and give it with sound knowledge behind the degree.

Edgar Mullins, of Mt. Vernon, Ky., was here Tuesday looking after the business of the famous Calumet Baking Powder Company, of Chicago, so popular with housewives. Mr. Mullins was formerly in the northwestern territory but since his return from France he has been given his present territory. He is a genial gentleman who will make friends for his Company's product. Mr. Mullins is also a great booster for the American Legion.

I can darn stockings, patch old clothes, knit, crochets, net and help you in your French lessons. If you need anything along this line I will be glad to serve you. Mary B. Seilaz care of Mrs. T. J. Belcher on Dishman Street. 45-2t

E. F. Dozier, of Vincennes, Ind., who recently lost part of his hand while coupling up a train, is improved to the extent that his hand has healed over. He stepped on a rock and fell. Had it not been for quick work on the part of the conductor of the train, the accident might have been fatal. He was employed by the B. & O. R. R.

Mrs. Ollie Branstutter has moved into the home next the Barbourville Supply Company so that she may put her nephew, Clarence Sutton, in school. Mrs. Branstutter said the airplane caused great disturbance to the feelings of her turkey gobbler, which made a bee line for home and used all the bad turkey language he knew when the ship flew over his domain.

According to Guy L. Dickinson, the recently returned delegate of the Deaton-Smith Post of the American Legion, the next convention will be held at Lexington, Ky. Judge M. K. Gordon, of Madisonville, was elected Commander, Steve S. Jones, of Louisville, State Adjutant, Judge Gregory, of Louisville, and Mr. Genicello, of Lexington, vice-commanders. The keynote of the convention was a strong Americanism. Committees have been appointed for the 11th District and State to the National Convention at Cleveland, Ohio, this month.

For Sale—Mrs. Robert W. Cole will sell all her plants with the exception of a few on account of ill health. A plant will cheer your room during the cold winter months.

The history of the development of transportation since 1620 is a fascinating story. In that year, the Mayflower sailed across the Atlantic in 66 days; the pony express in 1861 carried Lincoln's inaugural address from St. Joseph, Mo. to Sacramento 1,930 miles, in seven days and seven hours. The Union Pacific joined the Central Pacific at Promontory Point in May, 1869. Hawker crossed the Atlantic by Aeroplane in 1919 in less than a day; and the big dirigible R-34 made the trip from England to America in the same year in approximately 76 hours.

Motor trucks first engaged in over land hauling between Akron and Boston, and between New York and San Francisco in the year 1916 and in 1917 under the auspices of the Good Year Tire & Rubber company. Good Year News Service.

E. E. Davis and W. G. Davis, sons of Mrs. Sarah Jane Peace, of Rain, left Monday night for Louisville to enter the medical department of the University of Louisville to take up the pre-medical course. These young men are well equipped for study and will make good.

Mrs. Tye Lawson gave a six o'clock dinner Saturday evening, after the dinner Grandma and Grandpa were entertained with ukelale music and singing which they enjoyed very much. All spent a very pleasant evening. Those present were Misses Lillie and Nannie Lawson, Bertha and Fannie Lunsford, Claude Alford, Mrs. Chester Smith, Mr. and Mrs. Ray Ballard, Nim Detherage, Mr. William Catron and son Richard from Atlanta, Ga.

DEMON GIRL BALL SWATTER

Babe Ruth may be "King of Swat" and Tris Speaker may lead both American and National Leagues with an average of better than .400 with the stick—but why speak of such trifles?

What would you think of a ball team on which six of the nine players had batting averages of .500? Fans may say "there's no such animal," but it's a fact that the team composed of girl employees of The Goodyear Tire & Rubber Company at Akron, Ohio, has this terrific clouting record to date in 1920.

Florence Martin, who handles the hot shot around third base in a manner creditable to most male players, is the demon swatter of the team. Her average tops .500 by several points and in one game she hammered out three home runs.

That the team has been batting eyes is evidenced by the fact that in a recent game the girls piled out seven circuit clouts.

The team is unlike others of the gentler sex that have toured the country at various times. Usually girls' teams have men for the battery work and on first base, but the Goodyear team is composed entirely of girl employees. They have beaten the Goodrich, Miller and Westinghouse girl teams and have yet to taste defeat.

The star pitcher sends the ball past the batter with lots of stuff and when a slide is necessary, the girls hit the grit and pick up the hair pins and combs afterwards.

By beating the previously undefeated Westinghouse girls' team, the Goodyear girls claim the amateur industrial championship of the United States for girls.—Goodyear News

SWITCHMAN GIVES FACTS TO PUBLIC

Was Going Down Hill So Fast He Became alarmed—Lost Forty Pounds in Six Weeks.

"The best proof I can give that Tanlac was the right medicine for me is the way it relieved my suffering and is building me up," said James H. Johnson, for ten years a switchman for the K. & I. Railroad, living at 1725 Crap St., Louisville, Ky., a few days ago.

"Yes, sir, I was in an awful fix with my stomach all out of order and my kidneys worrying me day and night. I had to be careful about what I ate and often I was so nauseated I couldn't retain a thing on my stomach. I would bloat all up with sour gas and I had the worst sort of gnawing pain in my stomach. My kidneys bothered me continually and what little sleep I did manage to get was so restless I hardly knew I had ever been to bed at all. I actually fell off forty pounds in six weeks' time and was going down hill so fast it alarmed me. I tried every thing anybody told me about and I got worse instead of better and I was about ready to give up in despair.

"But one day I saw where a railroad man who was suffering like I was had tried Tanlac and was well pleased with it, so I began taking it and it gave me the finest kind of appetite. Then the indigestion left me and I started picking up in weight and I am still gaining right along. My kidneys don't bother me any more and I can sleep like a top all night long. I am feeling fine and the way Tanlac has built me up is nothing short of remarkable."

Tanlac is sold in Barbourville at the Cut Rate Drug Co.; in Artemus by J. G. Haskin; in Perman by N. J. Faulkner & Co.—Adv.

Dr. W. C. Black and J. H. Jones on Tuesday took Chester Phelps to the penitentiary to serve a life sentence for the murder of the ex-soldier Fields near Corbin. Phelps is a very young man of rather attractive appearance whose plight is another evidence as to what lengths running with bad companions will lead a man.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—

CARDUI

The Woman's Tonic

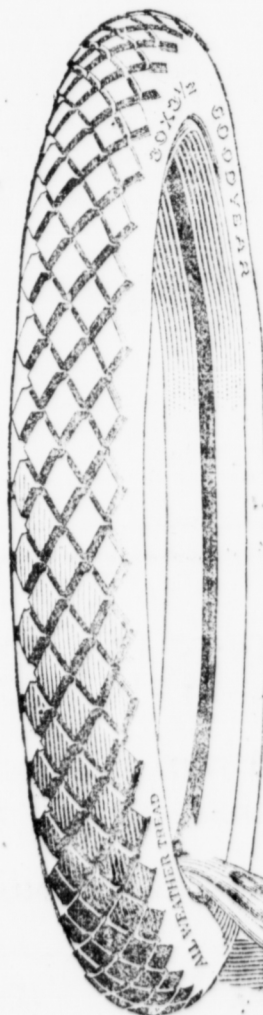

"I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.
